

Forging Bonds of Brotherhood Booklet

This 60 page booklet is the most critical part of the Forging Bonds system because the most important thing we can do for a man is to convince him that he was never designed to fight his spiritual battles alone. Once he is convinced of this Biblical truth, he will become self-motivated to forge a brotherhood bond with a few Christian friends.

The booklet is written to hold a man's interest and can be easily read on a Sunday afternoon. It examines Biblical principles for helping men connect and explains how to use the pocket tri-folds that come with the booklet.

Forging A Foundation Pocket Tri-Fold

Men who are beginning a Check 6 partnership should start with this, level one, set of questions. The purpose of this foundational level tri-fold is to build trust and closeness without the fear of being asked the harder accountability questions in Check 6.

If this step is skipped, it is likely that the men in the group will either drop out or lie, when it comes to accountability.

Check 6 Pocket Tri-Fold

Men who want accountability and have developed a bond of brotherhood are ready to use the Check 6 tool. This provides a series of questions that become the agenda of an hour long weekly meeting with a few close brothers. All over the world, men are meeting for breakfast, lunch, or a weekly phone call, and using these questions to watch each other's back and fight by each other's side. [View Check 6.](#)
